Pink Ribbon JAX

## About Us

Celebrating its 15th Anniversary, Pink Ribbon Jax is an all-volunteer, nonprofit group raising funds for **local breast cancer research, mammography and patient services at Baptist Health and Mayo Clinic, Jacksonville.** What began as one event, the Pink Ribbon Golf Classic, has grown to multiple educational and fundraising events. To date, PRJ has donated more than $2.1 million in the fight against breast cancer, and it all stays in Jacksonville.

## Help Light Jacksonville Pink

Join PRJ and local businesses, landmarks and residences - including Acosta Bridge, Daily's Place, San Marco Square, Lions Fountain, Florida Blue, Jacksonville University Athletics, Swisher and many more – by turning exterior lights pink this October, Breast Cancer Awareness Month. Lighting Jax pink will be a visual testament of support for thousands of families battling this disease who felt isolated during COVID. Through lighting, collectively we are saying, "you are not alone. The Jacksonville community is behind you, even when you can't see us."

Early Detection Saves Lives

## Expanding Access to Life-Saving Mammograms

In response to this unprecedented time of uncertainty, **PRJ's 15th Anniversary goal is to fund 1,500 mammograms for uninsured and underinsured women and men!** Each free mammogram to the community costs, on average, $300. Yes, our goal is bold: 1,500 x $300 = $450,000. That's because we must be more relentless than this disease. Together, we can provide for those in our community who cannot afford this life-saving screening. **How many mammograms would you like to fund?**
